

## HOW DO I PERSONALY DISCIPLE SOMEONE?

Paul makes discipleship simple and attainable 1 Thessalonians 2:1-12. He modeled a repeatable model for discipleship with four essential elements. 1) Establish a Relationship of Care, 2) Share what you know about Jesus, 3) Model Godliness with your life, & 4) Speak boldly into their life.

### 1. Start w/ a relationship of care.

\*During your time together seek to identify & establish a hunger to know God.

\*Establish a beginning and end time (ex: weekly or twice a month for 1 year).

### 2. Share what you know about Jesus.

\*Share the story of your journey with Jesus.

\*What seasons/stages have you gone through in your spiritual journey?

### 3. Model Godliness with your life.

\* Teach them to pray; how to have a conversation with God where your life & God meet. Have times of upward (praise/adoration), outward (to see the needs of others and your community), and inward prayer (confession, repentance, help, and guidance).

- Share real requests with one another and commit to pray for one another.

### 4. Speak Boldly into their lives.

- Understanding God's grace and growing in God's Grace. This will include scriptural & historical examples as well as personal reflections on God's Grace to us each day.

- Identifying Sin and Idols while growing in their identity in Christ. Learning what repentance is, and how to repent and believe.

\* Using the Northeast Bible Church 4 Seasons of Spiritual Growth model discuss together the season of Spiritual Growth you are each currently in. (Consideration, Connection, Commitment, or Commissioning). [NEBC.CH/pathway](http://NEBC.CH/pathway)
