## **The S.O.A.P Method:**

SOAP is an acronym that will help you read the Bible on a daily basis and apply it to your life. As a result, it helps you grow in your relationship with God.

You will need something to write (or type) with. It could be a notebook, a journal or a computer – whatever you are comfortable with – but choose something in which you can write over a long period of time (at least a year). Keeping your SOAP notes all in one place will give you the opportunity to reflect on how much God teaches you over time.

Use the SOAP acronym to help you develop meaningful time with Jesus.

### **“S” IS FOR SCRIPTURE**

Scripture is our source for wisdom, encouragement, direction & devotion to God. It is key that we be in the word of God each day.

Take your time reading the verses/chapters of this reading guide. Don't skim it like you are reading an article online, but take your time reading it. Ask God to speak to you through the words. (You can even read it out loud if that helps). As you read, one or two verses in the chapter may capture your attention or seem to apply directly to a situation in your life. Using your journal, write that verse (or verses) down.

### **“O” IS FOR OBSERVATION**

Once you have written down the verse (or verses) that stood out to you, ask yourself what you think God was saying to you through those verses. What caught your attention? What question does it raise in your mind?

God may be asking you a question, telling you something He wants you to do, or giving you a message of encouragement.

### **“A” IS FOR APPLICATION**

Personalize what the verse is saying to you by writing down how it specifically applies to your life right now. Perhaps you need to change your attitude about a situation, apologize to someone, stop doing something that isn't Christ-like or even do something to help someone else. You will be excited to find how quickly the Bible starts to give you specific direction for your life and how you can follow Jesus. Be as specific as possible in your application. Remember, this is between you and God; no one else has to read your journal or see what you write. This is a record of your relationship with God and what He is speaking to you.

### **“P” IS FOR PRAYER**

Write out a prayer asking God to help you live out what He showed you in the verse. Pray the prayer out loud also. If you are not sure how to pray, the simplest explanation is that it is talking with God and asking Him to help you. Anything that God asks you to do, He will give you help to do it. You do not have to change on your own. God, through the power of His Holy Spirit living in you, will help you do what He asks you to do.
